Dear Vernita,

I have been talking about my visit to your school ever since Wednesday. I wanted to thank you for you hospitality, but particularly congratulate you on your students and school climate. One feels a caring and learning culture when in the school.

Please pass on my thanks and appreciation of your wonderful hospitality students. They presented and spoke well and , of course, cooked a fabulous meal. I recently dined out in a rather expensive restaurant and I believe I experienced better quality dining at Westall!

It was also nice to have met your bilingual staff. Good luck with it all.

Regards

Helen
